TRENDING & TIMELESS TIP

GO 'GREIGE'

The year's most sought after neutral isn't going out of style any time soon. Its beauty is in its versatility. The addition of gray to beige creates a richer hue that can work in a cool or warm color scheme, meaning your hardscapes will continue to coordinate with evolving styles.

ARTISAN FINISHES

PREMIUM FINISHES
TO MAKE YOUR SPACE
TRULY YOUR OWN

Belgard offers three post-process finishes to create a one-of-a-kind look. Make new look time-worn or uncover colors hidden beneath the surface to open up a new level of design functionality.

INSPIRE

OUTDOOR OASIS
DREAM DECK
PERFECT PATIO

The primary goal in designing an outdoor living room is to create a space that invites you to spend time outdoors. Whether you enjoy entertaining large groups or prefer an intimate space for curling up with a good book, you bring life outside.

WE'LL PAVE
THE WAY

FREESTANDING OR RETAINING

Knowing the difference between retaining and freestanding walls can have a positive impact on your project and lead to a more enjoyable outdoor space.

Freestanding walls allow you to divide your outdoor living space into different areas. They provide visual interest and can make even the largest yard feel more intimate. Freestanding walls easily incorporate with other features like fireplaces or outdoor kitchens to provide a cohesive look.

Retaining walls can have multiple purposes. Some help to increase usable space, whether that be a flower bed or added yard space, while other retaining walls help to prevent erosion. Either application is made possible by a wall system that holds back soil and properly manages drainage. Larger walls also utilize soil reinforcement for added strength and long-term stability.

PICTURED: BELAIR WALL 2.0

PICTURED: CASTLEMANOR

PICTURED: WESTON WALL

ACCESSORIES

The divine is in the details. Belgard offers caps, columns and other accessories to complement any hardscape design. Mix textures to add a modern look to a rough-hewn wall-face. Include a cap in a complementing color to add visual interest. The possibilities are endless!

Consult a Belgard Certified contractor for information on all of our wall products and to receive project design assistance through Belgard Design Studio.

AVAILABLE SUMMER 2019

TANDEM® MODULAR BLOCK GIVES YOU ENDLESS POSSIBILITIES

Not only does the new Tandem Modular Block allow you to build higher walls when you have no excavation room for geosynthetic reinforcement, you can construct virtually any design by simply attaching the grids and connecting the veneers. Build an outdoor kitchen, skirt a deck, run electrical for lighting/sound, construct seat walls...the possibilities are endless.

BUILD IT UP WITH U START

One of Belgard's latest innovations, U Start Base Block® is a universal base course for landscaping walls that promotes cost savings and installation time efficiency.

UPGRADE YOUR INSTALLATION WITH STONEDEKS

This revolutionary panel system allows for the creation of ground-level or elevated stone decks on wood or metal joists. Use the StoneDeks' System (formerly SilcaDek) with Belgard® pavers and slabs or Mirage porcelain pavers to upgrade porches, patios, pool decks and more.

INSTALLATION INNOVATIONS

PRODUCTS THAT MAKE INSTALLATION EASIER

Belgard® offers several products designed to make installation easier and more efficient. Why spend more time and money when you don't have to?

PATIO SLAB

ASPEN

AUTUMN

BELLA

VICTORIAN

TOSCANA

STEP 1 - Begin by laying 3 pavers at the center of the surface to be covered.

STEP 2 - Add more sets of cloverleafs to fill in the surface to be covered.

PATIO SLAB*

15 $\frac{5}{8}$ x 20 $\frac{1}{16}$ x 2 $\frac{3}{8}$

STEP 3 - Complete the balance of the surface to be covered with single pavers.

Before you start, familiarize yourself with the Mega-Arbel pavers. Begin by placing 3 pavers together to form a cloverleaf.

This is a visual of a set of 3 pavers forming a cloverleaf.

To make the installation easier, the front of the paver should point to the back of the other pavers.

PLEASE SEE PAGE 156 REGARDING CALIFORNIA'S PROPOSITION 65.

*Patio Slab not recommended for driveway applications.

NOTE: Polymeric sand is recommended for this product. See page 134 for jointing options.

24 x 24 x 2 3/8

NOTE: For paving slab applications, some contractors prefer to pre-compact screeded bedding sand with a small plate compactor. If pre-compaction is done, care must be taken to leave no indentations in the bedding sand surface from the plate compactor. These can be removed by screening the surface to create a thin layer (6 - 10mm) of uncompacted sand (also known as fluffing). Paving slabs do not interlock and therefore do not spread loads to their neighbors via joint sand. Given this condition, there is no requirement to force bedding sand into the bottom of the joints when compacting the units on uncompacted bedding sand, as is done with interlocking concrete pavers. Compacting large slab units could lead to unnecessary breakage, so many times contractors may choose to use a mallet to tamp the slabs into place once laid. Slabs do not meet the standard compressive and flexural strengths of interlocking concrete pavers, therefore, Belgard® will not be responsible for breakage to Moduline Slabs caused by compaction.

PORCELAIN COLLECTION

BEAUTY & STRENGTH IN A LOW PROFILE

BENEFITS OF PORCELAIN

- Incredibly high breakage loads, up to 2,000 pounds.
- With a tight surface texture, these pavers clean quickly with normal household cleaners.
- Unaffected by alkalis, acids, chemical agents, salt and other deicing materials.
- High density and ultra-low absorption rate creates a tight paver surface, it fends off surface mold, moss, dirt and other types of stains.
- Structured top textures formed on the surface create non-slip surfaces.
- 100% frost-free and its properties remain unaffected by Freeze-Thaw.

LEGEND

PERMEABLE

ENVIRONMENTAL COLLECTION

BE WATER WISE
& HOUSE PROUD.

BENEFITS TO HOMEOWNERS

- Eliminate standing water and improve drainage.
- More beautiful and durable than conventional paved surfaces.
- Can include a heating system to eliminate snow and ice build-up.
- Can include a water-harvesting system to recycle stormwater for irrigation.
- Some municipalities offer grants or tax incentives.

BENEFITS TO COMMUNITIES

- Filter water back underground to recharge local groundwater supplies.
- Clean pollutants from stormwater to improve water quality of nearby lakes and rivers.
- Reduce demands on local storm drains.
- Reduce water used for irrigation.

FOR THE CONTRACTOR

CLEANERS
POLYMERIC SAND
ADHESIVES

For more than 20 years,
Belgard® has been the leader
in the industry, providing
contractors with the highest
levels of quality in our products
and supporting our contractor
partners every step of the way.
You do the work.

WE'LL PAVE
THE WAY

Techniseal® Protector for Concrete Pavers (Top-Bottom): Natural Look Matte Finish, Clear Look Semi-Gloss Finish, Color Boost Matte Finish, Wet Look Gloss Finish

PAVER CARE

PROTECT YOUR INVESTMENT

Belgard Products are designed to last for generations. Many homeowners choose to further protect and beautify their investment by applying a protective sealer. Adding a sealer can enhance the beauty of a project by highlighting the color and texture of the surface. It will also offer protection from stains like oil, grease or other accidental leaks.

THE ULTIMATE PROTECTION SYSTEM

1
PREP

STAIN REMOVERS

2
CLEAN

CLEANERS

- Dislodges efflorescence and ground-in dirt
- Prepares pavers prior to protector application
- Brightens paver color

3
PROTECT

SAME FINISHES, HIGHER STANDARDS

Our versatile, new sealers have been formulated for easier product selection and application.

Techniseal's 3-step treatment system guarantees the best results. Remove stains with a specially formulated Stain Remover, prepare the surface with Paver Prep, then apply a Protector that delivers the look you want.

SPECIAL ORDER
NULOOK®
TINTED PROTECTOR

- Colors pavers
- Translucent
- Water-based stain guard

DRIBOND™ CHANGING THE WAY YOU OVERLAY

BEFORE

AFTER

No More Concrete Removal!

With DriBond™, there is no need to remove the existing concrete substrate, which is a costly and time-consuming process. DriBond™ can be installed quickly and easily over most sound concrete surfaces.

- Ideal for thin paver overlays
- Dry application
- No mixing - ready to use
- Reduces installation time

PLEASE SEE PAGE 156 REGARDING CALIFORNIA'S PROPOSITION 65.

NO MESS. NO WASTE.

Yields
600
feet per can

STRUCTUREBOND™ IS AN INNOVATIVE SUPER-STRENGTH FOAM ADHESIVE THAT BONDS A WIDE RANGE OF CONSTRUCTION MATERIALS.

Made from high-quality modified polyurethanes, StructureBond's adhesive strength is unmatched among all types of polyurethane adhesives. StructureBond's Gun allows for a precise adhesive delivery with a single pull of the trigger. No pumping, cutting or puncturing of cartridge nozzles.

VISIT TECHNISEAL.COM FOR MORE DETAILS.

PLEASE SEE PAGE 156 REGARDING CALIFORNIA'S PROPOSITION 65.

INSTALL WITH A BELGARD PREFERRED CONTRACTOR

Our network of Belgard Contractors are ICPI* trained to deliver superior craftsmanship. Find a contractor or dealer: Belgard.com/find-contractor

A hardscape project is an important investment in your home and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

WHAT TO ASK

Are you certified?

Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute® (ICPI).

All Belgard® Contractors are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's status.

Are you insured?

It's important to hire a contractor who can provide proof of insurance and is able to guarantee their work for a period of at least three years after the installation.

Can I get a reference?

Ask for customer references and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.

What isn't covered in your estimate?

Determine upfront which aspects of the project the contractor can handle. Will their team manage landscaping, plumbing, irrigation and lighting or will you be expected to handle this separately?

What's the schedule?

Be sure to get a complete understanding of payment terms, estimated start date and turn-around time.

DREAMS ON DEMAND

Step into your dream backyard before construction begins
with Belgard® Design Studio

Belgard is your resource for outdoor living inspiration, planning and installation. From charming walkways and welcoming patios to gourmet outdoor kitchens – the possibilities are endless. Let us help you visualize a new outdoor space using virtual reality.

YOUR PROJECT STARTS HERE

Ready to take the next step?
Belgard provides tools to easily
kick off your next project

BELGARD® WILL IMPROVE THE BEAUTY AND VALUE OF YOUR HOME.

But like any construction project, it's necessary to have as much information as possible before you begin the process. With that in mind, we created a project planning guide dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

GET YOUR FREE PROJECT GUIDE
AT BELGARD.COM/PLANIT

PROJECT CONSIDERATIONS

- The general project should be conducted in phases, which include: demolition, site preparation, base material installation, bedding sand installation, hardscape installation, polymeric sand installation, additional paver cleaning and sealing.
- The timeline for your hardscaping project depends on several factors including the **size and scale** of the project, **permits needed** (which vary by municipality), and the acceptance of any community organizations, such as homeowner associations or architectural review boards.
- All outdoor projects are subject to **weather conditions** so there could always be delays.
- Spring and summer are the busiest periods for contractors, so **start your planning during the winter months** or consider scheduling your project in slower periods.
- Confirm all the work you'd like done is contracted and scheduled up front. Adding additional features will delay the schedule and add to the total cost.
- Check with your contractor to ensure that all items being installed are readily available or match your timeframe.
- Be sure to **discuss with your neighbors** any construction phases that might be disruptive so that you can communicate that information to them as needed.
- If you have a large project and would like to phase out construction over time, be sure to **plan the entire design** before you get started so that you can plan for any electrical, plumbing, drainage or landscaping needs.
- Consider building your backyard before any projects in the front yard to avoid damaging your front yard.
- When your project is finished, **walk through it with your contractor** to ensure the quality of the install, and **ensure you have receipts for materials / labor** and have registered your warranty.
- Always take into consideration the next step of the project: What does the landscaping look like? Do you need to schedule the contractor to seal the pavers? Plan ahead to make sure you finalize your project and can enjoy it for years to come.

4 2018 BELGARD PROJECT GUIDE

TIMELINE

Planning the project

PHASE 1: 4-6 weeks

- Consider how you will use the space and your budget
- Examine styles and colors that work with your house or landscape
- Get inspiration online
- Research approval requirements for your municipality or HOA
- Set a budget

Installation

PHASE 3: 2-12 weeks

- Time of the installation will vary depending on the scope of the project
- Check with the contractor to ensure that the materials ordered have arrived and are accurate
- Connect with your contractor throughout the project to ensure it is progressing as planned

MAKE YOUR DREAMS A REALITY

with Belgard Preferred Payment®

With the Belgard Preferred Payment program, you can complete your outdoor project in just a few weeks, instead of phasing it out over several months or years.

Available only through **Belgard Authorized Contractors or Dealers**, Preferred Payment offers same-as-cash financing that allows you to start your project immediately.

There are often construction economies that can be achieved by doing the entire project at once, which could save you both money and time.

Plus, you get to start enjoying your dream outdoor living space much sooner!

TO LEARN MORE, VISIT BELGARD.COM/BPP

BENEFITS OF BELGARD FINANCING INCLUDE:

- No payments or interest on approved credit
- Quick, easy and safe toll-free loan-by-phone application process
- No paperwork
- A credit decision in about 10 minutes
- No application fees, no closing costs and no prepayment penalties

VISUALIZE YOUR PROJECT

Belgard's online Project Visualizer allows you to be your own hardscape designer. Choose from our image library or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

PEACE OF MIND, GUARANTEED

LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle® APG, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Contractor Program participant who guarantees their workmanship for a minimum of 3 years from the date of install. For warranty service, contact belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

For specific information regarding warranty coverage and exclusions in regards to the Elements™ and Porcelain Paver products, please visit: Belgard.com/Warranty
